

Troy ASD Parents

Mission Statement: Provide an inter-active forum for parents of kids with high functioning ASD to brainstorm, trade ideas and stories, empathize about challenges and meet other parents.

My story: I am a parent of a 15 year old son with Asperger's. He was diagnosed in 3rd grade and there wasn't very much information available or other parents to talk to. I am interested in helping other parents find a forum to share ideas and meet other parents.

Join a group of parents on Tuesday, September 13th from 7:30-9:00pm at the Troy School District Services Building – 4420 Livernois. RSVP via the site below.

The group is newly formed group. Some topics for discussion are: socialization, hygiene, school, rigidity, sensory integration, executive function, independence, electronics, etc.
